THE FCC'S OFFICE OF ENGINEERING AND TECHNOLOGY RELEASES PEER REVIEW PANEL REPORT ON TESTS OF PROTOTYPE TV WHITE SPACE DEVICES

ET Docket No. 04-186

The Federal Communication Commission's Office of Engineering and Technology (OET) on October 15 released a report entitled *Evaluation of the Performance of Prototype TV-Band White Space Devices*. The report includes detailed results of laboratory and field interference tests of several prototype TV band white space devices. The peer review of that OET report was completed on October 1, 2008. Our response was completed today.

The peer review report and related documents have been inserted into the record for the above-captioned proceeding along with a staff response. Parties may submit ex parte comments if they choose to do so. We will accept ex parte comments until close of business Friday October 31, 2008. For questions concerning OET's test report, please contact Alan Stillwell, (202) 418-2925, e-mail Alan.Stillwell@fcc.gov.
